Professional Summary

Motivated developer with a strong foundation in algorithms and problem-solving. Skilled in building efficient applications and applying creative solutions to technical challenges. Passionate about continuous learning and innovation.

Technical Skills

- **Programming languages:** C#, Java, C++, JS, SQL
- **Web Development:** HTML, CSS, Bootstrap, J jQuery, ASP.NET, MVC
- **Database:** SQL Server, MySQL, PostgreSQL
- **Software Development:** OOP, Design patterns, Data Structures and Algorithms
- **Development Tools:** Visual Studio, VS Code, SQL Server Management Studio (SSMS), Command Line

Soft Skills

- **Problem Solving:** Debugging, troubleshooting, and optimizing code efficiently
- **Communication:** Clearly explaining technical concepts to developers and non-technical user
- **Attention to Detail:** Writing clean, maintainable code and catching errors
- **Self-Learning:** staying up to date with new technologies and trends
- **Collaboration:** working in teams, pair programming, contributing to group projects

Project

1. **Chess Gambit Website**   **January 2025 - In Progress**
   - **Full-stack** online chess platform with user accounts, game rooms, ranking system, and AI-based gameplay using MVC architecture
   - Technologies: C#, ASP.NET, SQL Server, JWT Authentication, JavaScript, HTML, CSS, Bootstrap, jQuery

2. **Leen's Portfolio**   **June 2024 – August 2024**
   - Personal website showcasing projects, skills, and experience
   - Technologies: HTML, CSS, JavaScript

3. **Tic Tac Toe**   **May 2024 – June 2024**
   - **C++** Console game with single player (AI) and tow player modes

4. **Student Program**   **April 2024 – May 2024**
   - **Java based application** for student data management including GPA calculation and transcripts
   - Technologies: Java, GUI, File Handling

Education

Computer Programming and Analysis | Advanced Diploma   **September 2023 – August 2026**
Fanshawe College, London, Ontario
- **3.88 GPA, Achieved Dean's Honour Roll**
- Software Optimization, Client-Server Development, Database Design,
- Data Structures & Algorithms, Database Design & Management, Client Server Development, and Object-Oriented Programming

Computer Networking | Diploma   **September 2020 – September 2022**

King Abdulaziz University, Saudi Arabia, Jeddah

- o **3.97 GPA, 99.25% Excellent-First Honors**
- o Achieved A+ in CCNA-1, CCNA-2, CCNA-3, CCNA-Wireless, CCNA-Security
- o Cloud & virtualization, Core networking & infrastructure, System Administration & Troubleshooting, and Networking Security

Experience

IT System Assistance Coop | Ministry of the Solicitor General | London, Ontario

February 2025 – May 2025

- o Provided technical support for courtroom AV systems, troubleshooting cameras, microphones, and networks
- o Assisted with **Active Directory & VPN**, enhancing user authentication and security
- o Ensured IT security compliance through system updates, log monitoring, and access control
- o Documented troubleshooting procedures and system configurations for future reference

Peer Mentor | Fanshawe College | London, Ontario

September 2024 – December 2024

- o Mentored students in debugging and problem-solving, simplifying complex technical topics

Web Development | Remark Zone | Remote

May 2024 – September 2024

- o Designed and built responsive business websites using HTML, CSS, and JavaScript
- o Optimized website performance, improving SEO rankings and accessibility compliance
- o Worked closely with clients to implement design requirements, troubleshoot issues, and refine UX
- o Live Projects: Assfour Engineering | IAC Accounting

IT Technical Support Coop | King Abdulaziz University Hospital | Jeddah, Saudi Aribia

May 2022 – September 2022

- o Deployed and configured hospital laptops, ensuring secure network integration
- o Provided hands-on IT support for medical staff, resolving hardware/software issues
- o Managed helpdesk tickets efficiently, troubleshooting printers, network devices, and security patches

Certificate and Training

- o **Health and Safety Certificate** - Fanshawe College   **September 2024**
- o **CyberOps Associate** – Cisco Networking Academy   **June 2022**
- o **CCNAv7** – Cisco Networking Academy   **June 2021**
- o **IT Essentials** – Certificate Cisco Networking Academy   **December 2020**
